

CSC 481
Fall 2020
Identification of Team and Project Area.

Please insert your answers below each question

1. Who are the other members of your team if there are any. You can do a project alone.

Mitchell Wommack, Joshua Gilbert, Jason Nguyen

2. What is the general area your project will focus on?

Raspberry Pi Mobile Hacker: We will be showcasing how vulnerable the average person is to digital malefices. We will demonstrate this by instructing how anyone can go online and buy a small and cheap computer ([Raspberry Pi](#)) and use [instructions](#) easily found on the internet to turn it into a mobile hacking device that is unknowingly used against them. We will likely also give instructions on how the average person can protect themselves in the digital world.

3. Is there a client?

Not at the moment

4. What is your particular role in the project?

- **Mitchell Wommack: Project Manager, Programmer**
- **Joshua Gilbert: Security Specialist, Programmer**
- **Jason Nguyen: Graphic Designer, Programmer**
